Van Buren School District Seeks to Improve Image

BELLEVILLE - A program aimed toward improving school-community relations has received wholehearted support from the Van Buren Township Board of Education. Recommendations submitted by a three-member Public Relations Committee at the School Board's November 12 meeting were supported unanimously.

The work of this Public Relations Committee is aimed

at getting a better image for the Van Buren School System, Dale E. Kaulitz, school superintendent announced.

Members of the committee hope that its recommendations will aid in erasing some of the complaints raised during recent millage elections regarding lack of adequate communication between school and community on school operations.

RESIDENTS HAVE expressed feelings that the School Board was not sufficiently informing them on school programs, costs, and other related matters.

Although the information was always available at the school's administrative offices, it is now felt that carrying out five recommendations proposed by the Public Relations Committee will make

school information constantly available.

The committee members are Charles W. Bole, school board president; Chauncey Schweigert, school board member; and Dale E. Kaulitz, school superintendent.

The committee recommended strongly that a newsletter should be published by the School Board and mailed to all residents in the school district.

In this way the School Board would have a direct contact with its constituency several times a year. It is estimated that there are 5,000 residences in the school district. On this recommendation, Kaulitz said that bids are being requested.

IT WAS also recommended that the School Board meet in special sessions once a month in a school building other than the high school building and

change the location each month.

This would make it easier for people to attend the sessions.

The more contact the School Board has with residents the greater the opportunity for more direct communication and improvement of the school image, the committee stated.

The committee also felt that the School Board should issue passes to Senior Citizens which would enable them to attend

all school activities (athletics, plays, concerts, etc.) free of charge.

Another recommendation accepted was the one that the School Board approved the purchase of a set of color slides, complete with script on subject of school finances. This would be used by the School Board and Administration as a program for the various clubs and organizations in the school district.

And finally, the committee suggested that a committee of citizens be organized for study of at least the following: school finance and school building needs.

The committee members pointed out their recommendations did not constitute a full and complete public relations program but did represent a few ideas to start with.

Belleville - Van Buren Merger Vote Scheduled for Dec. 10

Mayor Answers Inquiries on Issue

Takes Majority Vote in Both
Communities for Approval

BY HENRY CANTIN
ANP Staff Writer

BELLEVILLE - Voters in Belleville and Van Buren Township will take to the polls again - this time on Dec. 10 - to decide a proposition calling for the merger of both communities into one governmental unit.

Now that the Nov. 5 general election is history, area interest in the proposed merger of the two communities is growing daily. Inquiries on both the pros and cons of the annexation are increasing.

In an interview last week, Mayor Royce E. Smith, who along with members of Belleville City Council initiated the petition seeking union of the two governments, attempted to answer some of the inquiries.

SINCE FILING the petition requesting approval of the Wayne County Board of Supervisors to hold the election, many area leaders, both business and professional, have expressed support in the city's drive for merging with Van Buren Township.

An earlier attempt (1963) by the city to annex the south section of Van Buren

Traffic Safety Sabbath Is Set

Michigan clergymen are asked to devote some part of the week end of Nov. 22-24, to urging citizens and parishioners to help save bodies and souls on the highways.

The annual Traffic Safety Sabbath is co-sponsored by the Michigan State Safety

Commission with the blessing of many religious leaders.

"More Michigan young men of military age have been killed on our 'peaceful' state highways and city streets than in the fierce war in Vietnam," says the Commission to mark the event.

The Conference of Religious Leaders of the National Safety Council, composed of church leaders of national note, recently urged the application of sound religious tradition to the present tragic losses on the nation's highways. Four times as many are killed in largely preventable traffic occurrences as are killed by the well-publicized national crime wave, the conference noted.

Religious leaders, Safety Councils, and police authorities are sharing the task of distributing an informational folder on the Safety Sabbath.

Safety Commission Secretary Gerald W. Shipman says that 193 community requests for the information piece wiped out the general supply provided for free distribution by the Michigan Insurance Information Service. "We are glad to know there is so much interest in the program," he said.

Yule Card Postage Rate Listed

BELLEVILLE - The Post Office Department Monday advised persons sending Christmas cards that all cards weighing one ounce or less must carry six cents postage.

In previous years, unsealed cards without a written message (only the signature of the sender) could be sent one cent less than first class postage. These would be delivered as third-class mail, without the provision for forwarding or return if undeliverable.

ROMULUS - Miss Charlotte Beanum, 17-year-old Romulus High School senior, is Huron Valley's new Junior Miss.

Charlotte was crowned Junior Miss of 1969 at Junior Miss Pageant held at Romulus Junior High last Saturday night.

She is the daughter of Mr. and Mrs. Eddie Beanum of 34139 Beverly road, Romulus.

There were 14 aspirants entered in this year's contest which is sponsored annually by the Romulus Jaycee Club.

THE NEW Junior Miss was crowned at 10:15 p.m. by Miss Cheryl Crocker, 1968 Junior Miss.

Miss Patricia Smolen, 17, daughter of Mr. and Mrs. John Smolen of 28887 Huron River drive, was second in scoring by the contest judges and she will reign if the new Junior Miss is unable to fulfill her commitments, Charles Dick, Jr., program chairman, announced.

Miss Beanum's talent was singing of "Somewhere" from the West Side Story. She will next travel to Redford Dec. 15, to appear in the regional finals.

Contestants were judged on poise and appearance, youth fitness, scholarship, talent and

mental alertness. Both mental alertness and scholarship were judged earlier in the evening.

The contest judges were: Mrs. Altha Eddleman, cosmetologist at Romulus Junior High School; Miss Nancy Shirley, counselor at Romulus Junior High School; and Ralph Dugan, Huron Township lumber company owner.

PRESCAD's New Dental Clinic in Sumpter Opened

(see pictures page 14)

SUMPTER - An open house was held Sunday, Nov. 17, to herald the opening of the new dental clinic expanding PRESCAD services in the area.

The dental clinic is located at the Sumpter Child Health Center, 24101 Sumpter Road, Belleville, and services Huron, Van Buren, Romulus and Sumpter townships.

Excellent dental care is given by Kenneth L. Schmarak D.D.S. of Oak Park, Mich. Mrs. Frances Harris of Belleville will be his assistant.

Dr. Schmarak stated "Every Qualifying Child will receive the best in experienced dental care with the latest equipment. Our aim is also to develop a program of continuing dental hygiene and education which the child will carry over to his children."

THE CLINIC itself is a mobile unit attached directly to the Health Center and has been outfitted with the latest equipment. There is a waiting room furnished with child size table and chairs, toys and

WWJ PROCLAIMS BELLEVILLE "COMMUNITY OF THE WEEK." Mayor Royce Smith (second from left) accepts the citation from WWJ personality Shelby Newhouse as city representatives look on. The presentation concluded a special WWJ "Suburban Salute." A broadcast of the salute to Belleville was heard Monday, Nov. 18, at 7:10 P.M. The City of Belleville was commended for "its outstanding achievements in the many areas of today's community living; for the dedicated spirit of its leaders in public office, business, and education; and for the enthusiastic civic pride demonstrated by its citizens."

Municipal Building Plans Presented to Romulus

ROMULUS - Architectural plans and a rendering of the new Romulus Township Municipal Building were presented this week to the Romulus Township Building Authority by the architect, O'Dell, Hewlett and Luckenbach, Inc., of Birmingham.

The Municipal Building and a companion Public Library building will be constructed on a 17-acre site at the southeast corner of Wayne and Goddard roads in Romulus.

They will be the initial buildings of a four-building

civic center. A police station and a community center are planned on the site in the future.

THE TWO-LEVEL Municipal Building will provide office space for all Romulus Township administrative and service functions as well as district court facilities. The council meeting room in the building will also serve as a court room.

There will be a community meeting room on the lower level of the building.

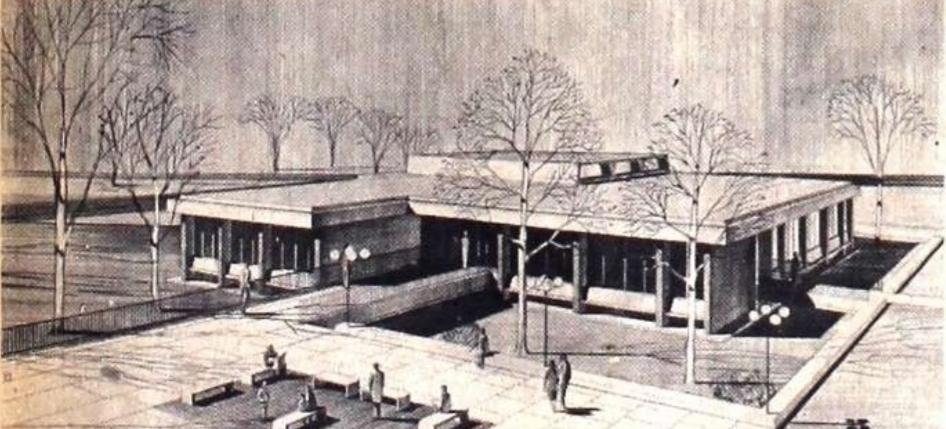

The Public Library will have

a 36,000-volume capacity general library area with separate reading and shelf sections for children and adult selections.

Storage and library offices and a multi-purpose room for small group meetings are provided in the new single story building.

Parking for 160 cars will be provided in the initial development of the civic center. Access drives will lead from both Wayne and Goddard roads.

(See PLANS page 2)

Designed by O'Dell, Hewlett and Luckenbach, Inc., of Birmingham, the project will be constructed at the corner of Wayne and Goddard roads. A Public Library building will also be built on the site which will become the Romulus Civic Center.

CITY TOWNSHIP MERGER

(continued from page 1)

revenue that is not now available to the Township. The merger move would open up the communities to more avenues for improvements and growth of the "combined areas."

On question of continued employment of Van Buren Township employees, Mayor Smith said that nothing will happen to bring about loss of their employment. He said that the city is shorthanded as it is and that Van Buren (in his opinion) is not overstaffed.

Also, if the merger is approved, the city has civil service where employees are certified in their jobs by the Civil Service Board; a change in the administration would not bring employee discharges unless there is a just cause.

ON THE question of taxes, the mayor reported that he and council members conducted several sessions with the City Auditor, Richard Bailey of Ypsilanti. It was determined that 1.4 mills more on each \$1,000 of assessed property valuation, state equalized, would be assessed.

For example — a \$20,000 home (cash value) state equalized at 50 per cent or \$10,000 for tax purposes would mean \$14 more a year to its owner.

And for this tax boost, township residents would receive weekly garbage and rubbish collections plus full time police protection and other services. The city has both now.

Mayor Smith admitted that there are other problems and it is planned to have committees appointed to investigate these problems for a study-report and to endeavor to establish a schedule for corrections and solutions.

SOME VAN BUREN residents are concerned. They seem to think that the city will immediately start paving all

roads and lay sidewalks and other things you find in a large city operation. This will not take place. It is ridiculous to think of this. It will have to be done over a period of years and this would depend on population and building growth, he added.

Also some residents are concerned about the city having to maintain gravel roads in Van Buren which we will have to do at city expense.

At this point, the mayor stated that the Michigan Motor Vehicle Highway Fund would bring some \$228,000 a year (based on 1960 census) to the city after merger.

Mayor Smith pointed out that it was his opinion that Van Buren is not spending anywhere near this amount today on its roads.

THE CENSUS is to be taken in 1970 and at that time, he estimated that the population growth would bring the road tax refund to approximately \$300,000 a year.

The population of Belleville is currently reported at 2,400 and that of Van Buren about 12,000.

In answering those who charged that the city is trying to steal the township to pay off its debts, Mayor Smith commented:

"As of Nov. 1, 1968, the city bonded indebtedness is \$448,823.75 and interest to bond maturity is \$260,422.13,

which is a \$20,000 home (cash value) state equalized at 50 per cent or \$10,000 for tax purposes would mean \$14 more a year to its owner.

Ultimately the new center will provide parking for 400 cars, a town square plaza, and recreation sports areas in addition to the four public structures.

BIDS FOR the two buildings will be received early next year with completion of the work estimated for mid-1970.

The Romulus center's architect, O'Dell, Hewlett and Luckenbach, have designed buildings for several municipal and institutional centers in Michigan.

Among their work in the tri-county area are the Oakland County Court House and County Building, Pontiac Public Library and the central fire stations in Mt. Clemens and Pontiac.

Bizek Commends Electorate

ROMULUS — "It was one of the best things to have happened to Romulus."

The above quote was Edmund Bizek's reaction to voter approval of City Incorporation for Romulus Township.

Bizek, who is township supervisor, has long been an advocate for city status for Romulus. He supported a move by a citizens group that petitioned August, 1966, for cityhood but the proposition met defeat.

"I want to thank and commend the electorate for their vote approval in the City Incorporation Issue. It was one of the best things to happen to Romulus."

Officials Gearing up With Water, Recreation Plans

When will Michigan's first Clean Water and Recreation bonds be sold? And when will the programs actually get going?

Those are logical questions in minds of this state's voters following their passage of the twin bond proposals on Nov. 5.

Sale of the bonds will be handled by the Treasury Department, report Michigan conservation leaders. Treasury officials will try, of course, to time sales so that the lowest possible interest rates can be secured. Just like the stock market, the bond market has its ups and downs as economic conditions change.

Loring F. Oeming, retiring executive secretary of the Water Resources Commission, has said his agency could begin doling out bond money to local governments for pollution control projects as early as next spring.

The exact timing will depend upon such factors as when the bonds are sold, whether federal

and local matching funds are available, and legislative action.

EVERY DOLLAR of the \$335 million Clean Water bond issue will be disbursed to local units. None will be spent at the state government level, and none will go to pay administrative or operating costs.

More than 200 Michigan communities have applied for financial help in controlling local pollution problems. It has been estimated the bond money will help pay for 210 new sewage treatment facilities, improvements to 126 existing plants, and sewers for about 3½ million people not now served by them.

Glenn C. Gregg, the Conservation Department's Deputy Director for recreation, says it will be sometime after next July 1 before first expenditures from the Recreation bond fund are made. The Legislature must approve every single project for

which bond money is spent, the first group of items will appear in the Department's 1969-70 budget bill, which won't be passed until late spring.

As with the Clean Water bond issue, none of the Recreation dollars will go for administration or operations. It will all be spent for land and facilities, with emphasis on the latter.

AS NOW planned, \$30 million of the \$100 million Recreation issue will be dispensed as grants to local governments for community-type recreation projects. The remaining \$70 million will be spent by the Department for parks (\$40.8 million), fish (\$17.7 million), game (\$7.5 million), and forestry (\$4 million) developments. The Legislature could change this split, however.

Both Gregg and Oeming reported their staffs are in excellent position to move ahead quickly once the green light is flashed. Detailed plans were prepared to justify the needs for the bond issues, and these plans will guide the programs.

Although the election outcome is no longer news, it is worth noting that 70.5 percent of the more than 2.6 million voters who cast ballots on the Clean Water issue voted yes. The Recreation majority was 52.8 percent.

New Roof For School Underway

BELLEVILLE — Bids for new roof construction at the Sumpter Elementary School were received recently by the Van Buren School Board.

The low bid of \$29,734, approved by the Board, was submitted by Schreiber Corporation of Detroit. Work is underway.

The other bids were received, James Egan, business manager, reported. They were: \$32,831 by the Ann Arbor Roofing Company, Ann Arbor; and \$33,666 by the Wallace Candler Company of Detroit.

The roof on Sumpter Elementary was in bad need of repair. A heavy wind storm some 18 months ago caused some of the roof's damage, Egan said.

IN MILLAGE DEFEAT

College Trustee Maintains Optimism

WESTLAND — Community Colleges are alive and living in a law office in Westland.

John R. Ryan, Westland attorney, and Western Wayne's Community College trustee, refused this week to believe that the voters of Wayne County shouldn't be given another chance to approve millage for the proposed Community Colleges.

One of those colleges would be located in the Western Wayne area. Voters in Wayne and Westland narrowly defeated the proposal last Tuesday, while countywide voters were turning the measure down by a wide 68-32 percent margin.

Despite the surprisingly bitter loss, and the apparent

loss of ground since defeat on the proposal two years ago, Ryan says, "I think that for myself and on behalf of the board there is strong feeling to give it another try."

WHEN WILL that next try be?

Possibly next June, when most area school districts hold regular school elections. Other possibilities include next September, when some local primary elections are held, and next November when some general election ballots are up.

No matter what, Ryan says, the Board of Trustees — seven men so far without the funds to begin their real work — must try again next year. By law, the board has only two years from

their June 10, 1968 election to obtain approval of operating funds for the colleges. That means that on June 10, 1970, their time will run out.

But there are many, many problems to be analyzed by the seven-man board. Why did they lose this time?

RYAN ATTRIBUTES the loss in part to a possible reluctance by the voters to approve funds for a program that hasn't really been nailed down for the people to see. The board will be working on that Ryan says, since the message may not have reached all the people.

This may include trying to pinpoint, as near as possible,

Romulus Area PTA Council Sets Meeting

ROMULUS — The November meeting of the Romulus Area PTA Council will be held on Tuesday, Nov. 26, at 7:30 p.m.

The Cory Elementary School on Smith road, will host the group. Everyone is welcome to attend.

Lawrence Gareau, Public Information Officer for the Wayne County Board of Supervisors, will present "Meeting Human Needs — Wayne County Services."

The presentation will utilize three screens and three projectors having much the same impact of view as cinerama.

Mrs. Paul LaBuhn from the March of Dimes will show a medically authenticated film strip titled "More Than Love".

It concerns genetic history and general good health to assure a healthy baby. This is a film shown to eleventh and twelfth grade students in connection with the health curriculum.

the location of the proposed community colleges. Ryan says the local college will probably be located somewhere around Van Born rd. from Telegraph west. He is in favor of starting three to five of the colleges at various locations whenever the voter approval is obtained.

Ryan also commented that he feared some suburban voters may have been misled into thinking that the City of Detroit would be reaping most of the benefits of the new plan, although he hoped not. It simply isn't true, Ryan said, pointing to easy availability of land in the outcount areas compared to the high-priced, scarce land for such development inside the City of Detroit.

"WE'RE GOING to have a bigger problem getting the colleges going in Detroit than we will out here," Ryan said.

Currently, however, the board of trustees still must settle a legal battle which tied their hands in working for the millage proposal this fall. Until about four weeks before the November 5 election, the board of trustees was not sure that their millage question would be on the ballot. The County had sued to keep the proposal off the ballot since the County would have to bear the cost of the election.

Can the community college board of trustees ride piggy-back on a County election? That is the question, and its answer may save or cost the County or the board of trustees a considerable sum of money needed to hold an election.

Meanwhile, Ryan refused to discuss optimism. "If you look at the bright side," he said. "We actually did quite well with the proposal in this area — almost even. We can do better than that."

Community Colleges for the area, and for the county, depend on how much better we do.

AN EDITORIAL:

**Let Popular
Vote Decide**

ALTROUGH WE KNOW IT IS the popular thing to do: We urge the reform of the American system of electing a president. In short: abolish the electoral college and allow our presidents to be elected by direct popular vote.

Several reasons recommend this reform to the American people.

Last week they almost elected a man President of the United States who did not get the most candidate votes. As a minority President, Richard M. Nixon, will have enough troubles without that complication.

George Wallace almost succeeded in creating a real constitutional crisis in the country by denying an electoral vote majority to either of the major candidates. That would have been tragic for the nation.

The current electoral vote system, in reality, diminishes the importance of the presidential vote of a man in Michigan and increases the importance of the man's vote in Alaska. In Alaska, slightly more than 50,000 votes decided three electoral votes. In Michigan, 1,350,000 votes decided 21 electoral votes. That result made the Alaskan's vote count about four times as much as the vote of the man from Michigan. Doesn't our conscience bother us a little when we think about it?

We favor electoral college reform, and soon. Let us not forget, in the less exciting days ahead, that the electoral college is still a problem and still a source of potential constitutional disaster.

**Chaperone Your
Fire is Advised**

THE U.S. Forest Service has cautioned that fire danger in many parts of the U.S. still exists and some areas are especially dry. Hunters and other users of the nation's forests and wildlands are asked to be extra careful.

One of the most frequent causes of fire in the fall is the warming fire. The Forest Service slogan this year is "Chaperone your fire — don't let it go out alone."

Because of cool, damp nights, it is easy to be lulled into a false sense of security — thinking a warming fire will go out by itself. But, such fires often spread as temperatures rise and winds pick up during the day.

This fall season, let everyone help protect the invaluable resources of the nation's forests, including wildlife.

WHAT AM I BID: — George Arnold, Belleville retiree, has donated one of his paintings to Mrs. George Romney, wife of Michigan's governor; and Mrs. Althea (Tee) Amerman, vice-chairman of the Republican 15th Congressional District (right), to be sold for the benefit of the Republican party. The painting is presently on display at the GOP Headquarters, 23749 Van Born, where bids are being received. Proceeds will be used for GOP activities.

BELLEVILLE — George Arnold, retired resident of Belleville, presented Mrs. George Romney, wife of Michigan's governor, with an oil painting recently, so that it could be sold for the benefit of the Republican Party's fund-raising effort in the 15th Congressional District.

Arnold, a graduate of Purdue University and a retired mechanical engineer, is nearly 73 years old.

He retired several years ago after 38½ years with Michigan Consolidated Gas Company. Filled with energy and ambition still, Arnold attends two senior citizen painting classes a week, and has won many prizes in shows at the

University of Michigan.

Arnold says, "Besides my vote for Republicans all along the line, I wanted to do something to raise money for the campaign. It will be on display at 15th District Headquarters, 23749 Van Born Road, where bids will be taken."

The painting itself is unique. On a fixed income like most senior citizens, Arnold saves money by painting on both sides of the canvas. Thus, one side is a painting of apple blossoms and assorted spring flowers and the other side is a painting of tulips.

As Mrs. Romney says, "Two paintings for the price of one."

OFFICIAL CLUB BANNER — James Egan, president of the newly-organized Lions Club, proudly displays the club's official banner at recent Charter Night ceremonies. The banner was presented to the local club by the members of the Livonia Lamplighters Lions Club. Some 300 members and guests attended the ceremonies

**To The Editor****TO THE EDITOR:**

I hope the politicians of this state and of Belleville give us Senior Citizens and all others who stood in line to vote on last election day a big hurrah. We live in the township and do our voting at Precinct No. One and so do many, many others. It took 3½ hours for us to cast our vote, but we waited patiently and it was good indeed to see the citizens out doing their duty.

Please print a big "Thank You" for us all.

Mr. and Mrs. F. Mumford,
Township Residents
P.S. We would do it again if God willing.

TO THE EDITOR:

Regarding the Van Buren School Board Minutes of meetings on Sept. 16 and 30 (published Oct. 23). The following trips have been approved by the Van Buren Public Schools' Board of Education:

1. Athletic Director to attend a national conference of the Secondary School Athletic Administration in Washington, D.C.

2. The Superintendent to attend the State Superintendent's Conference at Mackinac Island.

3. The Business Manager to attend the American School Business Officials' Convention at Houston, Texas (round trip first class flight fare).

Are these trips necessary? What will they accomplish? How will they benefit the school district? How much will these trips cost the taxpayers? Couldn't the results of these meetings be accomplished more economically through correspondence and reports?

What happened to the austerity program that was to be instituted after the recent school millage had been passed?

Believe that everyone would be interested in an explanation on these trips.

Concerned

TO THE EDITOR:

During the recent campaign in Romulus for City Status and Election of a Charter Commission, Henry Cantin, editor of this paper, proved that high ideals in journalism still exist today.

Although he is not a resident of Romulus, he became totally involved in helping us protect our boundaries by printing all the facts presented to him as submitted.

Further, in the Oct. 30 issue of this paper, he summarized the material he had received and wrote the final story which we feel helped achieve the favorable vote for our City Status and election of the Charter Commission.

In these days of editorialized or slanted presentation of the news, it is reassuring to know that a newspaper exists and circulates in our community that will print a true story, and more importantly, fulfill the obligation of a newspaper to its readers of "telling it like it is". Truly, a rare quality today. Flowery praises and protestations of gratitude are somehow just out of place, so instead, may we just sincerely say "THANK YOU" to a fine Journalist and Newspaper for a job well done.

Most appreciatively,
The "REACT-KEEP ROMULUS INTACT" Committee

**If It Fitz . . .****Clowns Can Cry, Too**

By JIM FITZGERALD

aren't supposed to live that close. Goodness, one judge wondered, who would that black boy expect to date when he is in high school? How would he explain the difference between him and his parents? These are real problems.

But why?

I spend a lot of time wondering why. I wondered extra hard recently when I heard from a friend whose daughter is seriously ill in Ann Arbor hospital. Some of the nurses and attendants in his daughter's ward are black and some are white. The patients also come in various shades. Please listen to what my friend wrote:

"They are color blind in the wards, where black children and white children lie side by side in their beds. You don't think in terms of black or white, but in terms of individuals and their problems.

"The important thing is that you find yourself not caring whether a nurse or an aide or a therapist is black or white or orange or green, for these people are doing important jobs and doing them well. The boy with one leg or the young girl that's paralyzed or the small child awaiting a new life with heart surgery - do you care if that child is black or white? Does it really make a difference?"

"I KNOW I am guilty of over-simplification and perhaps too prejudiced by emotion, but when I see a black nurse tenderly holding a white baby with a tube coming out of its throat, rocking it gently and murmuring words of compassion; or a white nurse gently tending to a black youngster that lies immobile and in pain; when I see this I am touched by the thought that such color blindness is a wonderful thing, and all too rare in this world of ours today."

All too rare. And that's why, some days, it's impossible to write funny things about how I lost my bed.

Clowns can cry, too. Cry for a civilization which must go to court because two white people love a black boy.

A Pictorial Review of Bud's TV Expansion Program

THE NEW BUD'S TV CENTER — The expansion program just completed at Bud's TV has doubled floor space and provides for increased selection of top notch television sets and related merchandise and servicing programs. The owners have been in the television and electronic field since 1952 and once operated from a shop built in their home.

PROUD OWNERS — Belleville's newest business expansion is that of Bud's TV Zenith Sales and Service, located at 1136 Sumpter road. Last weekend the popular television center held Open House. Above are the happy and proud owners Mr. and Mrs. Robert L. Brown.

INTERIOR VIEW — The latest in television and radio awaits customers at Bud's TV, an authorized Zenith Sales & Service dealer. Bud's TV, experts on the field of Television and Radio have expanded their facilities not only to benefit themselves but to provide the community with a large selection of tv sets, and equipment, and sales services. Above is an interior view of the new and modern store.

BHS Hosts Musical Festival Friday

BELLEVILLE — The Belleville High School will host the Annual Music Festival scheduled this Friday, Nov. 22, at 7:30 p.m., in the high school gymnasium.

Acting as official hosts will be Mrs. Helen Joseph, director of Belleville High's orchestra; Leroy Lane, director of the high school band; and Keith Drayton, director of the high school's chorus.

Bands, orchestras and choruses from all the schools in the league will perform.

Three individual groups of numbers, then all instrumentalists and vocalists will combine for the finale — "From Sea to Shining Sea".

The public is invited to attend and there is no admission charge, Drayton announced.

To Pay Dividend

LINCOLN PARK — Clarence R. Mead, President and Chairman of the Board of Security Bank and Trust Company, announced this week that a regular quarterly cash dividend of 30 cents per share will be paid on Jan. 2, 1969, to shareholders of record as of Dec. 16, 1968.

Bud's TV Completes Expansion Program

BELLEVILLE — An abiding faith in the future growth of the Belleville area coupled with an earnest desire to be of better service to an increasing clientele is amply demonstrated at Bud's TV.

Owners Mr. and Mrs. Robert L. Brown, of 45001 Hull Road, announced completion of an expansion program that started last mid-July with a successful three-day Grand Opening celebration.

The expansion program brought about a completely new and much larger television sales and service center, located at 1136 Sumpter Road.

Bud's TV, the area's authorized Zenith Sales and Service dealer, has increased its floor space to 3,600 square feet, doubling the floor space previously available. They have been at the Sumpter Road location the last nine years.

Bud's TV offers a complete television and radio sales and service on a larger scale than ever before.

BROWN HAS been in the electronics field since 1952. At that time he was repairing radio and television sets at Milton Walters, located on South Street.

He later (1955) went to Sumpter Hardware at Willis and Sumpter Roads where Brown operated his own business in the hardware store.

In 1957, Brown and his wife, Jeanette, opened up shop in their home and two years later moved to their present location on Sumpter Road, formerly Ray's Market.

HE WORKED in the Electronic Division of Ford Motor Company for 10 years before deciding in August, 1966, to devote all of this time to his store business.

"We have a lot to be thankful for. We feel that we expanded our business not only for ourselves but to give the community a complete and full television sales and service. They needed us. We needed them," Brown said when commenting on the store's expansion.

Five Area Students Get Degrees

Five area college students were among the graduates who were awarded degrees this summer by the University of Michigan. They are:

From Belleville — Joyce M. Donahoe, P.O. Box 246, Master of Arts, Library Science; Naomi E. Ervin, 49125 Willis Road, Master of Arts, Public Health; Roland A. Wolfe, 41910 Savage Road, Master of Arts, Library Science.

From Romulus — Michael J. Marttila, 16498 Taft, Bachelor of Science in Engineering; James S. Torenson, Master of Science in Electrical Engineering.

'BYE 'BYE, CAROL

MISS OSTRANDER

Flat Rock Girl To Wed Carl Cullin

St. Roch's Church, in Flat Rock, is being reserved for the April 12 wedding of Claudie S. Ostrander and Carl N. Cullin whose engagement is announced by Mrs. Frank Ostrander, of 29991 Aspen drive, Flat Rock, mother of the bride-elect.

A graduate of Flat Rock High School, Miss Ostrander is currently employed as a secretary at the Kelsey-Hayes Company, Romulus.

The prospective bridegroom, son of Mr. and Mrs. Douglas Cullin, of 123 E. Columbia avenue, Belleville, graduated from Belleville High School. He attended Ferris State College and is now enrolled at Cleary College while employed at Draw-Tite Corp., Belleville.

Hi There, Greg

It's a boy! That's the announcement being made these brisk autumn days by Mr. and Mrs. Bill Johnson, of 8511 Belleville road, Belleville.

Their first child, 'Gregory William', arrived at St. Joseph Hospital, Ann Arbor, November 10, and weighed in at 7 lbs. 10 ozs.

The new mother is the former Gloria Jean Merritt, daughter of the Harold Merritts, of Rawsonville road. Mrs. Oscar Johnson, of Ypsilanti, is the paternal grandmother.

The first olives grown in the U.S. were raised just off the coast of Beaufort, S.C.

'BYE 'BYE, CAROL

THE SECRETARIES in the business office at Belleville High School put their heads together recently and planned a farewell party for one of their little group, Carol Dolph, who is taking time off to await the birth of her first baby sometime in December. Trudy Bohms, Midge Artley, Gloria Similo, Mary Fay, and Edna Florian, were hostesses for the 'after school' party last Friday.

About 30 secretaries, nurses, and administrators attended the party in the high school cafeteria and enjoyed dessert and coffee in Carol's honor. Trudy Bohms, who made a special centerpiece for the buffet table, later presented the honoree with a gift certificate from Hudson's — their farewell gesture to Carol who's been with the school for 10 years working as secretary to the Transportation Director and Custodians Department.

GRANDMA'S SHOWER

IT'S HARD to believe she's soon to become a grandmother, but that's the role Marge Roberts is looking forward to playing about mid-December. Because her daughter, Vicki, (Mrs. Mike Barnett) is living in South Carolina at the present time, Marge was given the honor of opening all the cute baby items at her 'Grandma's Shower' last Wednesday evening.

Co-hostesses for the social event were Lillian and Barb Partridge, of W. Huron River drive, who served punch throughout the evening and after the group had oohed and aahed over each gift, served dessert, tea and coffee.

Answering invitations to the party were Cheryl Bernhardt, of Ypsilanti; Alma Kirchner, Corrine Squelch, Gwen Liebler, Eva Panzer, Lee Smith, and Louise Hope who brought her houseguest, Mrs. Evalena Smiley (her mother) who's visiting here from Kansas City, Missouri.

The gifts have since been re-wrapped, boxed, and sent on their way to the Barnett's home in the South where Mike is serving with the U.S. Marine Corps.

HOME AGAIN

THE EGANS — Jim and Sorita — are back at their Liberty street apartment after a three weeks vacation in Texas and Mexico. Heading for Houston, Jim took part in the Annual Association of School Business Officials conference and was among some 3,800 delegates from across the country.

Following a week there, they flew onto Mexico City, where they attended the closing events of the Summer Olympics; spent two nights in Acapulco; toured the Aztec ruins at Taxco, a famous silver city; and then headed homeward — a mere three hour flight from Mexico to Detroit.

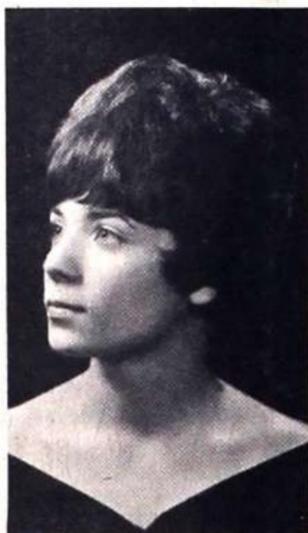

BITS 'N PIECES

A SURPRISE PARTY for his mother, Mrs. Arthur Shephard, kept 12-year old Brian Shephard busy all week — phoning guests and lining up the needed goodies for the event. Getting his dad to 'take mom out for awhile', he had time for his friends and relatives to gather without her having a hint or suspicion. Taking part in the conspiracy were the Roger Ferguson family, of Crandell court; the Russell Wilsons, of Elwell road; the Fay Fergusons, of Judd road; and Miss Pat Siwa. A heart-shaped cake, baked by the honoree's daughter, Diane Ferguson, was served with jello and coffee. Gifts and a song fest rounded out the evening for the honoree. A STORK SHOWER for Mrs. Robert (Mary Jane) Bokon took a number of local ladies to the American Legion Hall, in Taylor, just recently. Given by Mrs. Steve Bokon, of Dearborn, this area was represented by Mrs. John Bokon, Mrs. Louis Bokon, Mrs. Elwood Davie, Mrs. James Bokon, Mrs. William Sietz, Mrs. James Lewis, and Mrs. Ron Campbell.

The first olives grown in the U.S. were raised just off the coast of Beaufort, S.C.

SNACK TIME — Refreshments, always a pleasant part of any event, were enjoyed last Wednesday evening, Nov. 13, by Mr. and Mrs. Howard Sherwood, of 6818 Sheldon road, Belleville, as they attended the 'Open House' at Belleville High School. Serving homemade cookies and coffee behind the counter are (left to right) Delaine Crawford, a senior, Mrs. Gloria Byrom, a member of the cafeteria staff, and another senior, Janet Basnaw.

MISS ALLEN

June Vows Planned By Miss Allen

Mr. and Mrs. Walter J. Allen, of Plymouth, wish to announce the engagement of their daughter, Elaine Kathleen, to James H. Pawlowski, son of Mr. and Mrs. Zygmund Pawlowski, of Belleville.

The bride-elect is a graduate of Plymouth High and is now employed by Dunn Steel of Plymouth.

Her fiance, a graduate of Belleville High, attended Eastern Michigan University, and is now employed by John G. Hood and Associates, an engineering firm in Ypsilanti. A June wedding is being planned.

Recuperating

NEW BOSTON — Mrs. Georgia Cross of 37290 Sibley, a patient at Riverside Hospital, Trenton, since Oct. 25, is recuperating as well as possible after fracturing her shoulder in a fall at the home of her daughter, Mrs. Richard F. Sullivan, with whom she resides.

Her many cards and the thoughtfulness of friends has been greatly appreciated. Her stay in the hospital will probably be for another two or three weeks.

Tiny Heart Surgery Patient Able To Come Home At Last

By Pearl Morris
WH 1-1187

Three-month-old Nanette Marie Giannini has arrived at her parents' home on Sumpner road, Belleville, after undergoing heart surgery at the age of three weeks at Ford Hospital, in Detroit. The infant, who was born with heart defects, is reported improving nicely at this writing; however, doctors predict that she will have to undergo open heart surgery at a later date. The baby's mother is the former Myra Maze, of Barth road, Romulus.

The ladies of St. Aloysius Altar Society are busy with needle and thread once again, sewing many useful and beautiful items for their Annual Bazaar which will be held Sunday, December 1. The ladies are holding a workshop every Thursday night under the chairmanship of Violet Pawlowski. Co-chairmen are Mary Ann Ryznar and Janet Crook. A big attraction of the

bazaar will be a spaghetti dinner which will be served from noon to 5 p.m., under the supervision of Josephine Molenda, dinner chairman. The ladies hope to make this year's bazaar the biggest ever as they are in need of new stoves for the church kitchen.

Kathy Tryon, a junior at Michigan State University, spent the weekend visiting her parents, Mr. and Mrs. J. L. Tryon, of Eureka road, and attending the ninth annual

Home Arts Club Hears Consultant On Interior Design

The November meeting of the Home Arts Club featured John Raymond, an interior decorating consultant from the Gate's Furniture Company in Wayne. Bringing along samples of new carpeting materials, he spoke on color schemes, the use of draperies, carpeting, patterns, and accessories. He also showed a number of lighting fixtures and mirrors to compliment a room. The program was then opened for a question and answer period.

The group of 38 was later invited to visit the Home Gallery in Belleville where co-owners, Betty Sanders and Jean Boutilier, conducted an interesting tour.

Prior to leaving the Belleville High School Home Economics room, 32 members answered roll call and seven guests were introduced: Helen Miller, Audrey Tabor, Ann Thorsby, Diana Moriarity, Edna Florian, Miriam Merrill, and Roberta Curtis.

Dessert and coffee were served by Lucille Bravato, Gladys Budd, Rhea Featherling, Charlotte Budd, Pat Cunningham, Marge Ford, Theora Wilkie, and Dorothy Curtis.

The December gathering, the annual Christmas party, will be held at the home of Jean Hanks, on Expressway drive, December 9. A one dollar gift exchange will be held and members are asked to bring along any craft or item they have made pertaining to Christmas. The party is for members only.

HOLIDAYS ARE APPROACHING — With Christmas only a few weeks away, it's time for shopping. And what better place to find unusual and inexpensive items than a church bazaar featuring holiday buys? The United Methodist Church is using "Christmas Is For Kids (of all ages)" as the theme for this year's event which will take place tomorrow, Thursday, Nov. 21. Mrs. James Fitch and Mrs. Joseph Moon (left to right) are shown looking over one of the many posters that have been displayed throughout the city. For further bazaar information, see the "It's A Date" column.

Scouts Weave, Present Lap Robes To Veteran's Hospital

The Girl Scouts of Jr. Troop 369 have been busy working with their sponsor, the Junior Study Club of Belleville, making lap robes for patients at Veterans Hospital, Ann Arbor.

The girls did the weaving on small looms and members of the Junior Study Club sewed them together.

Monday afternoon, Nov. 18, four of the Junior Scouts, Janet Van Buhler, Terri Sienko, Marga White, and Debbie Zagula, with their leader, Mrs. John Thompson, traveled to Ann Arbor to present the robes. Accepting for the Veterans was Anthony G. Branch, Director of Volunteer Service. Accompanying the group were Mrs. John R. Touse, Girl Scout Chairman for the Junior Study Club, and Mrs. Don White, club member.

This is just one of the many projects that Troop 369 worked on throughout the year, effectively demonstrating a Girl Scout's concern for her community and keeping in mind the Scout promise and law Number Three: "A Girl Scout's

What a priceless gift it is to be able to poke fun at yourself. The man who recounts his triumphs is a bore; the man who invites you to laugh with him at his mistakes is a delight. When you're riding high, a joke told on yourself wards off envy and jealousy. When things are going badly, it helps you keep your perspective and sense of humor. It's often the key ingredient in that mysterious intangible charm. Laughing at yourself can not only make life more pleasant for everyone; it can often take the sting out of affliction.

Two 'Quickie' Recipes For The Holidays Ahead

Proof that Americans love their baked beans is the fact that we eat nearly a billion and a half pounds of them a year. They're a mainstay for countless budget-minded homemakers and you'll find them as well in restaurants and homes where good eating is the important thing and cost doesn't matter a bit. Quick and easy, full of nutrition, are these two quickie recipes that should keep the family happy during the busy holidays ahead. They not only taste great but have a festive look that will brighten any tiring day.

FROM SOUTH AMERICA

½ cup sliced pimiento olives
2 - 16 ounce cans baked beans

1 onion, chopped

¼ cup chopped green pepper

1 - 12 ounce can luncheon meat, sliced

Combine olives, beans undrained pineapple, onion and green pepper in 2-quart casserole. Top with slices of luncheon meat. Bake in moderate oven (350 degrees) 45 minutes. Serves 6.

HOI HOI BEANS

1 - 1 pound 5 ounce can Pork and Beans

1 medium smoked ham hock (about ¼ pound)

½ teaspoon dry mustard

¼ cup brown sugar

1 tablespoon dehydrated onion

1 cup Pineapple Chunks and Juice

Grease 1½ quart casserole. Pop ham hock in center. Separately, stir all other ingredients together and pour over the hock. Cover the casserole and bake for one hour at 350 degrees. Serves 5-6.

ROMULUS PERSONALS

(continued from page 6) Skuse leaves her husband, Alton; brothers Clair Keller, of Romulus; and Sylvan Keller, of Hillsdale; a sister, Alulalia Bell, of Waldron; and several nieces and nephews.

Alton Skuse spent several days with the Clair Kellers, of Craig street, following the burial of his wife. He left Tuesday for his home in Lakeworth, Florida. On Sunday a family gathering in his honor was held at the Keller home. Other guests were the Kellers' children and families: the Joseph Fishers, of Wayne and the Lynn Vaughns, of Westland.

On November 5, an Investiture and Rededication Ceremony was held at Cory School for the following scout troops: Jr. Troop #308, led by Phyllis Deline; Jr. Troop #416, led by Robin Crane; and Brownie Troop #337, led by Ella Margaret Mulberry.

Mrs. Bob (Marlene) Stanton returned to her home on Ozga road Saturday from University Hospital, Ann Arbor, where she underwent ear surgery recently.

Mr. and Mrs. Julius Szabo, of Romulus avenue, are spending two weeks vacationing at Ft. Lauderdale, Florida. The couple drove down.

Mr. and Mrs. Clair Keller, of Craig street, were among relatives attending funeral services for his sister, Mrs. Alton (Bessie) Skuse, of Lakeworth, Florida, November 12. Mrs. Skuse died of a stroke November 7 and her body was shipped to Michigan for funeral services at Hudson and burial in Leonardson Memorial Cemetery, in Pittsford. Mrs.

A Unit Meeting of the American Red Cross will be held 7:45 p.m. Wednesday, November 20, at Mrs. Josephine Rehkops's home, 36805 Goddard road, Romulus. Anyone interested is invited to attend.

Huron's Human Relations Group Hear Talk by Albert Wheeler

NEW BOSTON — For nearly two hours, even the most minute "clearing of the throat" resounded through Huron's Junior High Auditorium — so captivated were the 110 persons absorbing the intense words of the man at the lecture.

The "man at the lecture" was Dr. Albert Wheeler, associate professor of medicine at the University of Michigan, as well as President of the Michigan Chapter of the NAACP.

Dr. Wheeler spoke during the fourth program (Nov. 13) of the Human Relations series, sponsored by the Huron Township Association for Community Affairs.

It is unfortunate, for those unable to attend the meeting, that Dr. Wheeler's sincere approach and electrifying personality cannot be "communicated" with these printed highlights of his talk regarding "Race Relations Yesterday and Today".

"And who are these black folks? Let me say to you — When I am talking about

black people, I am talking about white folks who are poor — and I am talking about Spanish-speaking brown folks, who are poor. Because their problems are basically the same... Somewhat different, but basically the same."

"In this nation, a white High School graduate can expect to earn more annually than a black college graduate... These are facts from the Department of Labor... Not mine."

"A number of Civil Rights bills were passed, number of federal programs were adopted and many things "initiated" in the hope that we would begin to have fought. But, let me remind you — in 1964 in 1954 — in 1944 — I was a black American citizen. I wasn't a foreigner, I wasn't an African and every other black man born in this country was a citizen — who was entitled to the full protection of the Constitution of United States — and who has a right to expect and enjoy the fruits of his nation."

"But — we were not treated like citizens. Special laws had to be passed by the Congress so black people in Alabama, Georgia and so forth could vote, a basic constitutional right guaranteed to every citizen.

"And, as American citizens, we have to pass special laws to say that black man can live in any neighborhood — we black people have dignity... have self respect. What we are demanding for — is a society in which that dignity and that self respect can be expressed."

During the third meeting (Nov. 6th) the following points were stressed by Mr. Walter Greene, Deputy Director of the Michigan Civil Rights Commission.

The economic framework of a civilized society might be pictured as five concentric circles. The inner circle represents ownership — the limited elite. The second circle portrays management; the

third — service; the fourth — skilled laborers; and the largest circle depicts unskilled laborers.

The United States of America is unique, as each of us have the same opportunities to move from the outer circle (or circles) to the nucleus if we so desire. However, we must realize (especially the past) this is closer to theory than actuality. Although our Government is acting to insure equality for all Americans (as promised in the Constitution and Bill of Rights); far more important is an ability to think and act equality within and among ourselves.

Belleville Kiwanis Club Joins Farm-City Week

BELLEVILLE — The President of the United States has proclaimed the period Nov. 22 through Nov. 28, to be National Farm-City Week. Kenneth Daniels, President of the Belleville Kiwanis Club, announced.

This will be the 14th consecutive year for National Farm-City Week, a period dedicated to dramatizing the interdependence of agriculture, manufacturing, commerce, and the arts, and aimed at bringing about better understanding between urban and rural segments of society.

Kiwanis International acts as "coordinating agency" for the

National Farm-City Committee which sponsors Farm-City Week as an annual climax to its year-round program of rural-urban activities. Last year some 15,000 towns, villages and rural areas participated in the National Farm-City program. Kenneth Daniels reported.

The National Farm-City committee is composed of more than 150 national organizations whose makeup runs the whole gamut of agri-business interest from agriculture itself through manufacturing, educational groups, associations, governmental agencies, farm organizations, chambers of commerce, etc.

Their effort includes joint tours of farms and businesses by city dwellers and farmers, demonstrations, school assembly programs, displays, week-long community events, educational programs, and supporting publicity in print and broadcast media.

Theme for this year's Farm-City activity is "Tomorrow's Food and Fiber—Everybody's Business."

WRC Unit Treat Patients Board Asks For Bids

BELLEVILLE — Members of the John M. Wahl Women's Relief Corps No. 87, treated Eloise patients on Nov. 13.

Participating were Mrs. Olive Caswell, 50225 Expressway; Mrs. Irma Colley, 44055 Expressway; Mrs. Bettie Kittle, 40175 Alden drive; Mrs. Brenda Kittle, 30861 West road, New Boston; and Ruth Ann Knysz, 39595 Huron River drive, president of the John M. Wahl Woman's Relief Corps of Belleville.

Cup cakes and apples were served with coffee to the patients of M. Building. There are 180 patients in this building.

Mrs. Caswell played the piano and they visited with the patients. During the past week, the Corps took 14 boxes of clothing and coats. Many very nice dresses, shoes, shirts and

pants. Also some jewelry and 100 neckties. They are planning on another visit the second week in December.

The patients were very profuse in their thanks, members reported. One asked one of the ladies "Do you do this because you think of other people instead of yourselves?" He was assured that was the case, if you think of others you do not have time for your own problems.

Trail Blazers Elect Officers

ROMULUS — The Romulus Trail Blazers 4-H club has reported an election of officers and a busy program.

At the Oct. 12 meeting the club elected the following officers: Gayle Kreger, president; Ronald Allen, vice-president. The treasurer is Martha Lilly, and the secretary is Lolly and the publicity agents are Sandy Nowland and Chris Ritthaler. On Oct. 20, a club horse show was held with ribbons for first, second and third place. On Nov. 2, the club had another paper drive. The money from these projects went into the club's treasury.

At the Nov. 9 meeting members decided on a Christmas party which will be held at Martha Lilly's house on Dec. 20. During the winter months club members are going to start working with leather and crafts and work with their hands and minds.

The Trail Blazers have a lot more in store for the coming year.

Yocum Picked To QB All-Area Team

TIGERS PLACE 6 ON MYTHICAL SQUAD

WAYNE — If good quarterbacks are the name of the game, then the 1968 Associated Newspapers' All-Area High School football team is in good hands with John Yocum, a holdover from last year's mythical squad.

Yocum, a 6-foot-3, 180-pound senior from Belleville, picked up more than 1,000 yards in this year's campaign in keeping the Tiger offensive machine rolling. He

scored ten TDs, and was selected to similar chores in the difficult Suburban Six Conference.

The co-captain of the squad, Yocum has completed his third varsity year on coach Jim Richendollar's squad and has earned letters in basketball and baseball as well.

Rounding out the backfield are John's teammate, Bruce Bara, Cherry Hill's Karl Knoll, and John Glenn's Mac Domke.

Defensively, Mike Krawulski (Belleville) and Ken Parker (Romulus) were named as ends; John Stanek (Romulus)

and Norm Halme (Wayne) at tackles; Jim Singleton (Belleville) at middle guard; while Dan Cesarz (St. Mary's) and Phil Derwinski (Romulus) were given the nod at the linebackers' slots; the cornerbacks are Steve Hampton (Belleville) and Paul Seestedt (Romulus) while Roy Williams (Romulus) and Rick Solarz (St. Mary's) are back in the safety berths.

Bara is as versatile an athlete

as they come; he excels not only in football but, like his partner Yocum, is a mainstay of the baseball and basketball teams. He also was honored on the Suburban Six Conference grid team.

The 5-foot-11, 185-pound junior averaged five yards per carry in gaining 950 yards, and crossed the goal line for eight touchdowns. He was the Tigers' other co-captain.

Knoll, a four-year varsity

letter winner for Cherry Hill, was the key to the Spartans' mid-season rally. He led coach Joe LaScola's team to five successive victories in their last six starts, rushing for more than 1,000 yards this year. His best night was against Schafer when he picked up 257 yards.

The 5-foot-10 senior was also an unanimous Tri-River Conference choice in the backfield. He was named to the Small (5-foot-7, 140-pounds)

but rugged best describes Mac Domke Glenn's leading ground-gainer who has to his credit 829 yards this season, including seven 100-yard games.

Domke, a two-year regular for coach Bob Lusk's Rockets, played in every game and kept the Rockets rolling despite the loss of many of the starters to injuries.

He was named to the All-Northwest Suburban team

although the Rockets finished in a two-way tie for fourth.

Williams and Coger assure this year's team of two of the best pass reception men in the prep circuit this season. Williams wound up his second year with the Tigers with All-League honors and his overall skill, speed and sheer "toughness" gained for him respect of teammate and rival alike.

Coger was Glenn's leader and quickly established himself as one of the finest blockers around. His great hands, quick reaction and plain "ball sense" made him a must for this year's squad.

Durable and strong, Dale Hamilton has had two outstanding seasons for Glenn, playing both tackle and middle guard. A top competitor who was also awarded Northwest Suburban Conference recognition, Dale is being wooed by several colleges not only for his offensive talent, but for his defensive play as well.

Inkster's lone contribution to this year's ANP squad Hawkins is a 210-pound junior who averaged eight unassisted "kills" per game and was a "plague" to the opposition all year.

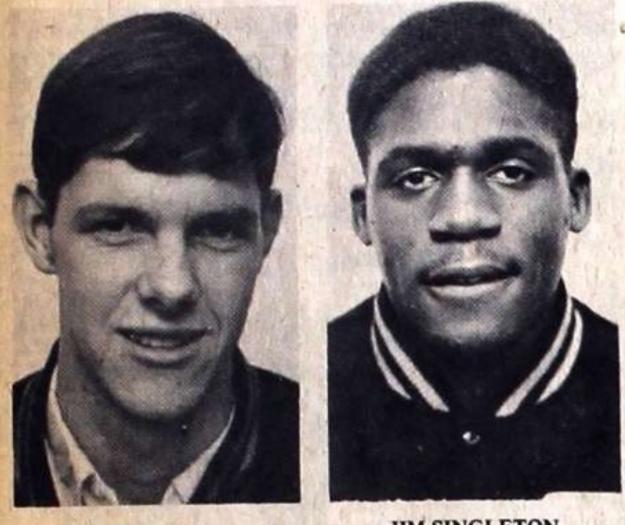

He's big, tough and will be around next year to haunt coach Sylvester Mosley's foes.

One of Garden City West's blue chip athletes, Noel Winger was "by far the area's finest blocking linemen." Noel, a 190-pound, 5-11 senior who completed his second year on varsity and rates as one of the best athletes to come out of GC West.

He also earned Tri-River Conference distinction.

Also a Tri-River League selection at one of the guard posts, Sweet was a two-way player with excellent blocking skills. Team mate Knoll made a large chunk of his gains through Sweet's side of the line.

Lipinski does all phases of his job well — so well that he led East to a 7-1 overall season and to a second place in the Mid-Wayne Conference.

COACH OF THE YEAR

East's Humphrey Honored

WAYNE — Gary Humphrey the Panthers three seasons ago, is not the only football coach posted a 7-1 overall record, in Garden City East history, finished second to Riverview in but he's well on his way to the Mid-Wayne Conference, becoming the winningest one, and tripped up city rival, West, Humphrey, who inherited in their annual contest to claim

THE SPORTS MERIDIAN

By Tom Mooradian

Oh, What A Hectic Week

There can be nothing more frustrating for a sports editor than to try to fit some 89 candidates (a record) into 22 All-Area slots. And that's what the Sports Meridian was up to this week.

A record amount of candidates were suggested for consideration for the Associated Newspapers All-Area Football Team which was unveiled on these pages this week.

Take, if you will, the backfield: 16 names including Chuck Wiggins (Franklin), Bruce Bara (Belleville); John Yocum (Belleville); Jim Burton (Garden City East); Karl Knoll (Cherry Hill); Dave Gagnon (St. Mary's); Rich Solarz (St. Mary's); John Brakke (St. Mary's); Curtis Rychlinski (St. Mary's); Mac Domke (John Glenn); Bill Hood (Wayne Memorial); Jerry Sabo (Franklin); Pete MacLean (Franklin); Archie Lieb (Franklin); Henry Logan (Robichaud); Erias Lee (Inkster) were all up for consideration.

Needless to say, these boys did produce for their teams or coaches wouldn't have submitted their names.

But, how do you narrow these kids down to four?

And multiply your problems by 100 when you try to select the best linemen on offense and defense.

It's a tough job and I wish our public would come up with some ideas to help us find a better way to pay tribute to those grididers who "give 100 per cent effort throughout the season".

How about it?

Meridian Beaten By Consensus

That "unbeatable" Sports Meridian was beaten again this week by someone called "Consensus". Our statistician, Bert Osterberg from our Belleville Office, officially informed us that I finished the Prep Football Predictions with a .755 average which places me runnerup to some guy called "Consensus" who posted a .766 for the grid year.

(I never knew we had a Consensus on our staff? Where has he been hiding out?)

Anyway, ANP Managing Editor, Bob McClellan, who, by the way was the only one to have a perfect week, was seated close behind the Sports Meridian with Charles Dickson and Bert.

The trio wound up in a three-way tie for third with .722 marks. Trailing close behind were Ray Clift, with a .711 season; Dave Wise, .689; and Tom Isley, .644.

(O.K. You guys, I'll take that steak dinner, now.)

And in response to those calls, yes, the Panel of Experts will carry on its work during the basketball season. The Sports Meridian needs calories.

Glenn-Wayne Will Meet

If East can meet West, and Michigan plays Michigan State, and Army-Navy, will John Glenn meet Wayne Memorial?

You can bet the Rockets will!

That's what Wayne Memorial principal George Bell says.

"We are planning to play John Glenn as soon as we can complete our commitments to the other schools we already have on our schedule," said principal Bell, in reply to a question why the two schools don't engage in football competition.

"We have, however, a complete schedule for the 1969 season, but we feel that the following year, in 1970, the two schools could commence athletic competition."

Well, fans, you don't have to bug this sophist anymore. There will be a confrontation between your two schools in a couple of years. So, all you have to do is flunk you classes in order to stay on to cheer your minions.

* * *

And let's leave the mayhem of football and move into the insanity of basketball, and swimming and wrestling—

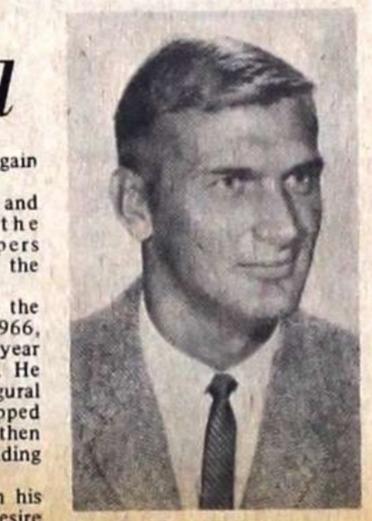

Billy Joe, when are you going to buy that cup of coffee?

Defense Stubborn As A Mule

BELLEVILLE — All of the horses may have been corralled for the Associated Newspapers All-Area Offensive Team, but there are plenty of stubborn mules who go into the making of one of the most potent defensive machines ever assembled by the ANP sports department.

Stanek, voted to the All-Twin Valley Conference which was dominated by undefeated River Rouge this year, accumulated a total of 68 tackles and 22 assists for the year. A second year varsity regular, John co-captained this year's Eagles.

Probably the most important all-around player on Wayne Memorial's team, Halme was moved to where Zebra opponents threatened the most. And for his outstanding performance, he not only earned All-Area honors but was given a berth on the All-Sauk Trail league.

A 6-foot-1, 180-pound senior, Mike has designs on playing college football and has several colleges knocking at his door.

Zeroing in on 14 tackles in one game alone, Parker is at the opposite end and finished the year as one of Romulus' leading tacklers. Although he

lacked previous varsity experience, Ken moved to the front of his team through sheer determination.

John Stanek and Norm Halme were paired at the tackle slots, each leading their respective teams in the amount of tackles.

A 6-foot-2, 205-pound senior, Norm will be heard from after his graduation as a future collegiate star.

Making the Suburban Six Conference in his first year, middle guard Jim Singleton is a rugged 6-foot-1, 185-pounds of junior grid power. Tough and

capable of messing up any rival plans. Jim averaged six tackles per game.

And Tiger fans can look forward to next year when Jim returns to the lineup.

Hampton and Seestedt share the cornerback duties with the Belleville gridder bringing impressive credentials to that post. A two-year varsity regular, he intercepted three passes and leaped on two fumbles, coming through with a couple of key tackles which abruptly stopped runners headed for Teds.

The Romulus Little Leaguers, better known as the Flyers, also wrapped up their inaugural football year and the coaches are not disappointed with the won-lost record and are eagerly looking forward to the coming season.

The Flyer varsity coaches, Ron Halvin, and assistants Joe Perry, Dan Lenossi and Gary Halvin feel that the three teams have made gigantic strides.

"We needed to start somewhere," said coach Halvin, "and feel, although we lost, we picked up the necessary experience which will help us prepare for next year."

The Flyer Varsity squad will lose nearly 16 players due to age, however, they will inherit several boys from the junior varsity.

DEFENSE STUBBORN

(continued from page 11)
Seestedt picked off nine passes to lead the Twin Valley Conference in interceptions while coming in on 28 tackles and 42 assists.

A two-year varsity regular, Paul is a 6-foot-1, 170-pound junior who has earned letters in baseball as well as basketball.

Plenty of desire and fine moves go into the making of linebackers Phil Derwinski and Dan Cesarc.

Derwinski was named to the All Twin Valley team. He climaxed his prep grid career with 41 tackles and 30 assists

and proved to be one of the reasons why Romulus rivals had difficulty cracking the Eagles' defense.

Romulus' Roy Williams and St. Mary's Rick Solarz hold down the All-Area's last line of defense. Williams, noted for his speed, is an All-Twin Valley Conference selection, who has picked up three years of regular varsity football experience and is potentially dangerous as a running back.

Solarz was named to the All-Southwest Division team and is credited with five interceptions, including three fumble recoveries.

An Ordinance To Guide and Promote The Public Health, Welfare and Safety Of The Township of Sumpter By Regulating Mobile Home Or Trailer Parks In Said Township, Specify Minimum Site And Development Standards, Sanitary Requirements And Service Facilities; And To Provide Penalties For The Violation Of Said Ordinance.

IT IS HEREBY ORDAINED by the Township Board of the Township of Sumpter, Wayne County, Michigan:

ARTICLE I.

Ordinance No. 20, Mobile Home Park Regulations, is hereby repealed as of the effective date of this Ordinance No. 21.

ARTICLE II.

No land shall hereafter be utilized for the erection, construction, operation, and/or maintenance of a mobile home or trailer park as defined by the laws of the State of Michigan, except upon application for a permit and approval from the Township signed by the person, firm or corporation seeking the permit and by the owner and legal title holder of the property to be used for such purpose.

ARTICLE III.

Every application for a permit shall be accompanied with a sketch or plan indicating the location of roadways, mobile home sites, sanitary requirements and service facilities, etc., and in sufficient detail to allow the Township to determine compliance with the various sections of this Ordinance.

ARTICLE IV.

GENERAL PARK SITE AND DEVELOPMENT STANDARDS:

Section 3.1 All mobile home parks shall have at least one property line abutting a major thoroughfare.

Section 3.2 All park sites shall be well drained and so graded as to insure rapid drainage and prevent the accumulation of stagnant pools of water.

Section 3.3 The park site shall contain sufficient land to provide sites for at least forty (40) mobile homes.

SECTION 3.4 ROADWAYS AND PAVEMENT WIDTHS:

(a) All roadways in the mobile home park shall be of asphalt blacktop, macadam or concrete pavement.

(b) Entranceway drives and other principal or collector roads, as determined by the Township, shall have a minimum width of thirty-six (36) feet. Entranceway pavements separated by an island or planting area shall have a minimum width of twenty (20) feet in each direction.

(c) All access to a mobile home park site shall be from a major or secondary thoroughfare, except that where in the opinion of the Township additional points of access are needed for adequate fire protection and other public services, they shall be permitted and required.

(d) All local roadways within the park shall be constructed in compliance with the requirements of Section 54 of Public Act 243 of 1959.

(e) The local roadway system shall be so designed as to prevent the use of such roadway for through traffic.

(f) Cul-de-sacs, when utilized, shall not exceed two hundred and fifty (250) feet in length. This maximum length may be exceeded, however, where in the opinion of the Township physical conditions justify and warrant a greater length.

SECTION 3.5 RECREATION SPACE, GREENBELTS AND LANDSCAPING:

(a) There shall be provided an area of not less than 20,000 square feet for recreation use in every mobile home park, provided, however, that in addition to the foregoing requirement every mobile home park containing over 100 mobile home sites shall provide an additional 200 square feet of recreational space per mobile home site for each site in excess of 100 sites up to and including 200 sites; provided further, that in addition to the foregoing requirements, every mobile home park containing over 200 sites shall provide an additional 100 square feet of recreation space per mobile home site for each site in excess of 200 sites.

Such areas shall be computed exclusive of greenbelts, roadways, excess of lot size over minimum requirements or other facilities, and shall not include areas enclosed or used to maintain swimming pools or buildings. At least one such area shall have a minimum area of 20,000 square feet and shall be no longer than three (3) times its width. Such areas shall be seeded or sodded with grass or lawn and landscaped with trees and shrubs and thereafter maintained so as to provide a utilitarian and healthful area for the residents of the mobile home park.

(b) A greenbelt planting strip of not less than ten (10) feet in width shall be placed or located along the perimeter of the mobile home park where it abuts a public right-of-way or an area zoned in any other residential classification. The greenbelt shall be developed with a mixture of hardy deciduous and coniferous plant material and maintained thereafter in a neat and orderly manner. Withered and/or dead plant material shall be replaced within a reasonable period of time but no longer than one growing season. Excluded from such planting shall be the following plant material: *Alnus* (*Tree-of-Heaven*)

Box Elders

Poplars and

Soft Maples.

SECTION 3.6 SANITARY AND SERVICE FACILITIES:

(a) Each mobile home park and individual mobile home site shall be serviced and connected to a public water and sanitary sewer system having adequate capacity to serve the proposed development, wherever such facilities are available.

(b) Permits for the construction of water mains and sewer lines shall be obtained from the Township following the review and approval of the plans and specifications by the appropriate Township department having jurisdiction over same.

(c) All energy and telephone lines, within the mobile home park shall be installed underground and in accordance with policies, specifications and other requirements of the specific public utility company involved.

(d) All energy supply systems, including fuel and gas storage tanks, shall be so designed and installed as to meet current standards of health and safety.

(e) Plans submitted with the application for permit shall designate the number and location of street and yard lights, which shall be in sufficient number and intensity to permit the safe movement of vehicles and pedestrians at night.

(f) Facilities for the storage and disposal of trash and garbage in a sanitary manner shall be provided in each mobile home park. The manner in which this service is to be provided must be in accordance with the policies of the Township applicable to developments with similar residential unit densities.

ARTICLE V. INDIVIDUAL MOBILE HOME SITE STANDARDS AND REQUIREMENTS

Section 4.1 MINIMUM SITE SIZE AND YARD REQUIREMENTS:

(a) All mobile home sites shall have a minimum area of at least three thousand four hundred

(3,400) square feet with the exception of double wide sites which shall have a minimum area of four thousand (4,000) square feet. The area of such mobile home site shall be computed exclusive of service roads, other required facilities and recreation space.

(b) There shall be required front, side and rear yards, free and clear of structures and open to the sky, excepting required utility meters and the like, in the following minimums:

Side yard: 20 feet of open space between mobile homes or trailers; Front yard: 15 feet of open space from street paving to the mobile home or trailer; Rear yard: 10 feet of open space between trailers.

SECTION 4.2 PARKING:

(a) There shall be provided a minimum of two (2) parking spaces per mobile home site, which may include on-street parking facilities.

(b) Where off-street parking is provided, each parking space shall have a minimum width of eight (8) feet and twenty (20) feet in depth. All parking spaces and parking compounds shall be surfaced with an asphalt blacktop, macadam or concrete surfacing in accordance with specifications approved by the Township Engineer. Such facilities shall be so drained as to dispose of all surface water accumulated in the parking area within the confines of the parking area.

SECTION 4.3 SANITARY FACILITIES AND OTHER UTILITY STANDARDS:

(a) Only mobile homes with toilet and plumbing fixtures meeting the standards of the American Standards Association shall be permitted.

(b) When separate meters are installed for electric, gas or oil readings, each meter shall be located on a uniform standard post of uniform height. Wiring, piping and meters shall be those prescribed and installed in accordance with the requirements of the utility company involved.

SECTION 4.4 UTILITY CABINETS:

Each mobile home may be provided with one metal utility cabinet, which shall be uniform as to size and location throughout the mobile home park site. All cabinets shall be kept clean and shall be maintained in good condition and kept painted.

SECTION 4.5 SKIRTING, CANOPIES AND AWNINGS:

(a) Each mobile home must be skirted within 90 days after establishment in a mobile home park.

(b) Canopies and awnings may be attached to any mobile home and may be enclosed and used for recreation or sunroom purposes but not as a bedroom or sleeping quarters. Canopies or awnings must be made of materials which may be screened or glassed in with visual contact from three (3) sides, but shall not exceed twelve (12) feet in width, or length or height of the mobile home.

(c) A permit shall not be required for construction or erection of canopies or awnings which are open on three (3) sides. However, a permit shall be required before construction or erection of any screened, glassed in or otherwise enclosed awning or canopy.

(d) Permits for the construction or erection of enclosed canopies and awnings shall be required from the Township Building Department.

SECTION 4.6 PADS, MATS OR PLATFORMS: Each mobile home site shall be provided with a concrete pad, mat or platform, not less than four (4) inches in depth, or of equal bearing strength if reinforced concrete is used. Minimum pad dimensions for single mobile homes shall be 12 x 50 - for double wide mobile homes - 24 x 50.

SECTION 4.7 FIRE EXTINGUISHING EQUIPMENT: Every mobile home park shall be equipped at all times with fire extinguishing equipment in good working order, of such type, size and number and so located within the park as to satisfy applicable regulations of the State Fire Marshal. No open fires shall be permitted at any place which may endanger life or property. No fires shall be left unattended at any time.

ARTICLE VI. GENERAL PROVISIONS:

Section 5.1 The Township Building Official or other agents authorized by the Township Board are hereby granted the power and authority to enter upon the premises of such mobile home park or site at any time for the purpose of determining and/or enforcing any provision or provisions of this or any other Township Ordinance applicable to the conduct and operation of mobile home parks.

Section 5.2 Fees for inspections and the issuance of permits required or issued under the provisions of this Ordinance shall be established by resolution of the Township Board and shall cover the cost of inspection, administration and supervision resulting from the enforcement of this Ordinance.

Section 5.3 All mobile home developments shall further comply with Act 243 of Public Acts of the State of Michigan, 1959, as amended.

Section 5.4 This Ordinance and the various parts, sections, subsections, sentences, phrases and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section, subsection, phrase or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of this Ordinance shall not be affected thereby. The Township Board hereby declares that it would have passed this Ordinance and each part, section, subsection, phrase, sentence, or clause thereof irrespective of the fact that any one or more parts, sections, subsections, phrases, sentences or clauses be declared invalid.

Section 5.5 Any person, corporation, co-partnership or firm which shall violate the terms of this Ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding \$100.00, or by imprisonment in the County jail not exceeding ninety (90) days, or by both such fine and imprisonment in the discretion of the court.

ARTICLE VII. EFFECTIVE DATE, CONFLICTING ORDINANCES:

Section 6.1 This Ordinance shall become effective thirty (30) days after the publication thereof, and any Ordinance in conflict herewith is hereby repealed to the extent of such conflict except that the Ordinance establishing the higher standards for the promotion of the health and safety of the people shall prevail and govern.

THE ABOVE AND FOREGOING ORDINANCE was duly adopted by the Township Board of the Township of Sumpter, Wayne County, Michigan, at a regular meeting held on the 12th day of November, 1968; and ordered to be given publication in the manner prescribed by law.

Carbon Monoxide Warning is Issued

Taking proper wintertime precautions against the dangers of carbon monoxide which can occur in cars, cabins and homes are again urged by the Michigan State Police.

Several deaths attributed to this deadly gas have been reported in recent weeks. Some occurred in cars, others in homes.

The State Police emphasize that carbon monoxide can unsuspectingly do its fatal damage because it is an odorless, colorless gas. It can be dangerously concentrated in cars where faulty exhaust systems permit the fumes to be drawn into the passenger compartment and in cabins and homes where the gas can build up from faulty operation or improper venting of flame-type heating devices.

DROWSINESS is one of the first symptoms of the effects of the gas. This may be accompanied by ill feeling, nausea and vomiting.

Suggested precautionary guidelines are these:

Have car exhaust systems thoroughly checked for winter driving. Inspect for leaks into the passenger compartment.

Properly ventilate the car at all times, whether driving or parked. Avoid running the engine when sitting in the car for any length of time.

Do not run the car engine in a closed garage.

Have competent personnel make inspection of flame-type heating appliances used in homes, cottages, cabins and car and truck campers.

Some of the most responsible men and women in Wayne County — our school bus drivers — will be completing their annual driver education classes early in December. Sponsored by the State Department of Education and presented by Western and Eastern Michigan Universities in cooperation with the Wayne County Intermediate School District, the classes this year have been devoted to the National Defensive Driving Course to better prepare drivers for their daily assignments. Approximately 300 drivers

have attended three class sessions held since school started in September, and the fourth and final class will be repeated at three locations in Wayne County so that all interested will have an opportunity to attend.

Attendance at these classes is not mandatory, but is highly recommended and enthusiastically received by drivers always alert to improving their skills.

ON MONDAY, Dec. 2, from 7-10 p.m. drivers from the northern part of Wayne County will assemble in the Livonia Franklin High School Cafeteria for their final session. It is likely that drivers will be represented from Northville, Plymouth, Wayne, Garden City, North Dearborn Heights, Crestwood, Fairlane, Inkster, South Redford, Redford Union, Nankin Mills, and Dearborn Heights as well as Livonia.

Tuesday, Dec. 3, from 7-10 p.m. Belleville High School will host the class in the cafeteria. Drivers from Southgate, Romulus, Huron, Taylor, and Belleville will constitute most of the enrollees at this particular session.

The last of the three final sessions will be held in the Grosse Ile Junior High School Cafeteria, on Wednesday, Dec. 4, from 7-10 p.m.

Bus personnel from the Downriver Districts as far south as Woodhaven, Wyandotte, Heintz, Trenton, Riverview, Flat Rock, Gibraltar, and Grosse Ile will be in attendance at this session.

SPECIAL MEETING
October 28, 1968

The meeting was called to order by the President, Gerald Budd, at 7:35 p.m. in the office of the Board of Education.

Roll call showed members Hoffer and Canejo absent.

Correspondence

A. Letter from Rev. Dalton Bufford relative to renting Texas School.

Motion by Morris, seconded by Oakley, that we do not rent the old Texas School because in the unforeseeable future, we might need the extra classrooms.

B. A letter from the Fire Marshal relative to the preliminary plans of the addition to the Romulus Elementary School.

Equipment Purchases

Mr. George Pratt discussed the need of a surface planer with the Board.

Mr. Canejo entered the meeting at 7:50 p.m.

Motion by Lovette, seconded by Morris that we take the matter of the purchase of the surface planer under advisement.

The Audit Report

Frank Smythe, of Post Smythe, Lutz and Ziel, reviewed the 1967-68 audit with the Board.

Motion by Morris, seconded by Draper that the Superintendent and the CPA, Frank Smythe, be authorized to make a study of the book store account and find out why the deficit is so high.

Motion by Lovette, seconded by Oakley that the Superintendent look into the feasibility of operating a book store and see whether we should carry on or eliminate it.

Motion carried.

Motion by Draper, seconded by Oakley, that an application be sent to Municipal Finance Commission to transfer funds from the 1954 debt fund to another debt fund.

Motion carried.

Band Booster Club

Mrs. Muggelberg, President of the Band Boosters Club entered the meeting to discuss the needs of the Band and Orchestra.

Motion by Oakley, seconded by Lovette, that the needs of the Band and Orchestra be taken under advisement and that the president of the Band Booster Club be notified of the action taken by the Board.

Motion carried.

Furniture Bids

Bids on the furniture needed at the Cory Elementary and Mt. Pleasant Elementary schools were opened by the Secretary.

The following bids were received:

Classrooms, Inc. - \$21,329.75; Michigan School Services - \$23,879.10; McFadden, Inc. - \$25,962.60; Alternate bid - \$22,886.90.

Superior School Equipment did not submit a complete bid.

Motion by Morris, seconded by Canejo that the bids be taken under advisement.

Motion carried.

Operating Budget

The Superintendent reviewed with the Board the 1968-69 Operating Budget for the school district.

Motion by Canejo, seconded by Oakley, that we accept the 1968-69 Operating Budget as prepared by the Superintendent.

Motion carried.

Title I Budget

Mrs. Burton, Co-ordinator of State and Federal Programs reviewed with the Board the 1968-69 Title I Budget. She outlined the various programs under Title I and the personnel. The total allotment for this year is \$80,515.00.

Discussion

Mr. Morris discussed a letter received from Dr. Steffek relative to Mrs. Burton.

Mr. Lovette discussed the meeting he had attended in Grand Rapids on negotiating and evaluating teachers. He will have a report available for the Board at the Special Meeting in November.

The Director of Maintenance and Operation reported on another break-in at the Senior High auto shop. He informed the Board that \$1500.00 worth of equipment was stolen again. He also informed the Board that the insurance was going up to \$500.00 deductible.

A member informed the Board of an incident in a store involving High School students acting under instruction of their teacher. He suggested that

HURON WATER BONDS SIGNED AND CHECK DEPOSITED - Start of the last phase of Huron Township's current program of additional water line extensions awaits settlement of a labor dispute involving operating engineers and the contractor for the project. Meanwhile bank officials signed \$1,500,000 bank check for the \$1,500,000 bonds issued to finance the project's expenditure. Left to right are: Charles N. Chestnut, assistant vice-president of the National Bank of Detroit; Price E. Kimbrough, president of Shannon and Company; bonding consultants, George Angel, township supervisor; Arthur Schofield, Securities Department of NBD; and Clark G. Finley, deputy Wayne County treasurer. The check was deposited to be used to be used to meet project's obligations as they fall due.

Youth Groups Are in Full Swing

An important out-growth of Operation Summertime is the organization of teen groups for disadvantaged teenagers who are frequently cut-off from activities for lack of money or because other programs do not serve low income neighborhoods.

A member informed the Superintendent of a phone call from a parent regarding excusing his son from school for hunting season and the answer received from the principal.

Mr. Morris informed the Board of a letter received from Bill Simmons thanking all those responsible for helping in the restoration of funds to the Elementary and Secondary Act budget.

A member discussed the matter of setting up the committee to review the needs of the school district for the next five years. It was suggested that all organizations in the area be contacted by letter and asked to submit one member to work on this committee. The group which meets at the Neighborhood Center has organized model car club, homemakers' club and baby-sitter training classes.

In addition, the members conduct Saturday afternoon activities programs for young children.

The recently formed South Romulus group also sponsors Saturday movies and arts and crafts sessions for children. Plans are being made for a Thanksgiving party.

Mrs. Wilson, clerk, informed the Board that the meeting was adjourned at 11:10 p.m.

Respectfully submitted,
DAVIS B. DRAPER, Secretary
Board of Education

Huron Sets Franchise Election

NEW BOSTON - Voters of Huron Township will hold another election in January, 1969.

This election will seek voters' decision on granting of a franchise to the Detroit Edison Company to operate in the township, Mrs. Wilma Wilson, clerk, announced.

Deadline to register to vote in this election is Dec. 6 at 8 p.m.

The franchise if approved will permit the Detroit Edison to erect, construct, operate and maintain within the Township of Huron all needful and proper poles, towers, mains, wires, pipes, conduits, or other apparatus, shall in writing notify the Township or its representatives of the proposed construction, and shall, if the Township so requires, file with them a sufficient plan and specification, showing the nature and extent of the proposed erection and construction.

TOWNSHIP OF HURON COUNTY OF WAYNE

FRANCHISE

Granted To

THE DETROIT EDISON COMPANY

NOVEMBER 12, 1968

TOWNSHIP OF HURON COUNTY OF WAYNE

THE TOWNSHIP OF HURON ORDAINS:

SECTION 1 - Permission is hereby granted to THE DETROIT EDISON COMPANY, incorporated under the laws of the States of Michigan and New York, its successors and assigns, to construct, maintain and operate in the public streets, highways, alleys and other public places in the Township of Huron, Wayne County, Michigan, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission, transforming and distribution of electricity for public and private use, and to transact a local electric business within said Township, subject, however, to all conditions and restrictions hereinafter contained.

SECTION 2 - The conditions of the foregoing grant are as follows:

A - The grantee shall do no injury to any street, highway, alley or other public place, or to any shade trees, or in any manner disturb or interfere with any water or gas pipes, or with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation.

B - The Township may, in its discretion, grant permission for the trimming of trees when necessary to make the lines safe and accessible, such trimming to be done under its supervision.

C - The construction of the said lines shall be in accordance with the rules and regulations of the Michigan Public Service Commission or its successor.

D - The said grantee, before entering upon any street, highway, alley or other public place for the purpose of erecting and constructing any poles, mains, wires, pipes, conduits, or other apparatus, shall in writing notify the Township or its representatives of the proposed construction, and shall, if the Township so requires, file with them a sufficient plan and specification, showing the nature and extent of the proposed erection and construction.

E - No street, highway, alley or public place shall be allowed to remain open or encumbered by the construction work of the said grantee for a longer period than shall be necessary to execute the said work, and the grantee shall at all times conform to all ordinances of the Township, now or hereafter in force, relative to the fencing and lighting of obstructions and excavations.

F - The grantee shall save the Township harmless from any judgment that may be recovered against the Township by reason of the wrongdoing or negligence of the said grantee in the erection and maintenance of said poles, mains, wires and other apparatus or construction.

G - Said grantee shall make due provision upon forty-eight hours' notice in writing by raising its wires or otherwise, for the passage of any barn, building or other structure on or over any street, highway, or public place occupied by the mains, wires, poles and apparatus of said grantee.</p
